Action Plan - Hearing Statements

Attachments:

Dear

Further to my email dated...., I attach a Hearing Statement presented on behalf of/by

As it relates to the same policy that you will be making your representation on you should be made aware of it as additional material to the representations made at the Publication Stage.

The Representor making the Hearing Statements are required to send additional copies to the Programme Officer in the post for other representors that are appearing on the same Matter. In the interest of making you aware as quickly as possible I have emailed you directly.

All Hearing Statements will be available to view on the Council webpage in the Examination Library.

Kind Regards

Bradley Gammond
Wyre Forest Programme Officer
