Subject: Site Allocation and Policies Local Plan - proposed modifications

Good Evening Bradley

We are aware of the proposals to the Local Plan which will impact upon us living in the Crescent at Lea Castle. We find it very reassuring that the Parish Council has provided a public meeting on this issue, which was held on Friday 22nd February at Cookley Village Hall.

Having listened to and participated in the discussions that evening we are in total agreement of the proposed introduction of C3 dwelling houses as part of the acceptable mix of development for the site.

As a resident we clearly recognise the need to develop the site and also recognise that the inclusion of C3 dwellings will help that process.

We therefore wish to formally add our support to the proposal.

Best Wishes

Linda Blakemore and Steven Blick
Cookley
