Claire

I have attached for your further consideration the Council's response to your additional questions of 30 November dated 7 December.

I also attach a list of those making representations who have expressed a wish to attend the hearing.

As you will note West Mercia Constabulary have expressed a wish to attend on certain matters only if the Inspector feels that it would be beneficial for them to do so.

All others making representations have not requested to attend, being content with their original written representations.

It is the Council's hope that some may withdraw their objections based on discussions under Statements of Common Ground

The list of representations attached to each document is up to date as of October and no further representations have been made.

I await Statements of Common Ground and expect them as per the Council's time frame of mid January

I trust this is in order so far.

Regards

Bradley
