6	Conclusion	12
Appendix 1: Site Assessment Sheets		13

1 Introduction

1.1 This report provides an update to the Wyre Forest Strategic Housing Land Availability Report which was published in 2009. The report provides a snapshot at 1st April 2010 of the latest position on all sites with residential permission together with those sites in the SHLAA that were deemed to have housing potential. It then considers those sites which have been put forward since the original 'call for sites' which meet the minimum size criteria – with a potential capacity of 10 dwellings in Kidderminster and Stourport-on-Severn or 5 or more in Bewdley and the rural areas. Finally, a revised housing trajectory has been developed which shows the potential phasing of completions up to 2026.

2 Current Housing Land Provision

2.1 Housing completions and commitments are published 3 times a year in April, October and January. The latest available figures relate to the position at 1st April 2010. Detailed tables show residential completions, demolitions, and retained dwellings in conversions as well as affordable completions.

2.2 Net completions during 2009/10 (that is net of retained dwellings and demolitions) were on a par with 2007/08 at 191 dwellings against an average of 230 per annum since 2006. Gross completions were 216 dwellings during 2009/10. This is the lowest level since 2000/01. The average annual number of completions has been 255 since 2006.

2.3 As expected with the economic downturn continuing, new residential permissions were on a par with the previous year at less than 50% of the numbers approved in 2006/07.

2.4 By the end of March 2010, 919 completions (net) had taken place in the District since 1st April 2006 with further 1,091 dwellings (net of demolitions) with permission and 126 with consent subject to the completions of Section 106 Agreements. Allocated sites in the Adopted Local Plan had the potential to provide another 259 dwellings. Annual completions for 2006-2010 averaged 230 dwellings.

Table 2.1 Net Completions of Dwellings 2006-10

Year	Number of dwellings completed (net)
2006/07	297
2007/08	192
2008/09	239
2009/10	191
Total	919
Average for period	230

2.5 Based on the housing requirement of 4,000 (net) new dwellings as set out in the West Midlands Regional Spatial Strategy Phase 2 Revision Panel Report September 2009 (Table 3.3) and the assumption that all outstanding commitments are built, this would mean a net remaining requirement of 1,864 (including currently allocated sites). It should be noted that the initial SHLAA was based on the RSS Preferred Option housing target of 3,400 dwellings. However, following the Panel Report in September, the Council decided to incorporate the higher figure of 4,000 dwellings in the Core Strategy. Commitments include the 346 dwellings under construction at 1st April 2010. 72% of total commitments have full or reserved matters consent and therefore have no planning constraints to prevent their full implementation. 90% of these commitments are on previously developed land. 90% of completions during 2009/10 were also on previously developed land.

Table 2.2 Housing Commitments at 1st April 2010

Consent type	Total number of committed dwellings	% of total
Full / reserved matters	873	72
Outline	218	18
Pending s.106	126	10
Total	1217	100

3 Update on SHLAA sites

3.1 The following table sets out the position as of 1st April 2010 on the SHLAA sites which were deemed to be suitable for housing. Eight of the sites have been completed. The economic downturn has led to some schemes being revised during the course of construction with developers favouring houses over flats. A number of schemes are currently mothballed with developers in administration. Several permissions have come up for renewal so implementation is now likely to slip.

Table 3.1 Update on SHLAA Sites

Site ref	Location	Position at 01/04/10
B001	Load Street car park	Planning application for phase 1 (St.George's Hall) expected late 2010.
K002	Wood Street	Site completed
S005	Tan Lane School	Re-appraise for housing as requested by County Property Services (See revised site assessment sheet)
S006	TP Toys	Firm has permission to relocate to K128 at Zortech Avenue. However, site is likely to stay in employment use until late in plan period
S008	Vale Road garage	Revised approval for 45 sheltered flats given October 2009
K011	Former Telephone Exchange	Scheme for 54 flats – S.106 still not signed – developers in administration
S012	Martley Road	Scheme due to complete May 2010
K014	Lea Street School	Now back in use for educational purposes so unlikely to be available for housing
K015	78 Mill Street	Part of site back in use for car sales; revised application affecting rear of site submitted March 2010 for just 13 dwellings; 2 schemes use same access so only one can be implemented
S017	Baldwin Road	Administrators still trying to sell site. Lack of funding has stopped affordable scheme progressing
B018	Blackstone Barns	Site sold subject to contract. Permission due to lapse April 2010
S020	Carpets of Worth	Application for mixed use development to include 159 dwellings received August 2009. Not yet determined
K024	Sutton Reservoir	Renewal of outline approved September 2009
K028	Hérons Nursing Home	24-bed extension on same site approved January 2010. Likely to implement this rather than extra-care scheme
R033	Rock Tavern	Approval now given for conversion to only 3 flats
B034	Bewdley Primary School	School has relocated. Application for affordable housing development approved subject to S.106. However, funding currently not available
R036	The Manor House Wolverley	Site completed
K037	Wilton Avenue	30 affordable units completed
K041	Rifle Range shops	Site not currently being taken forward due to lack of funding
K042	Hurcott Road maisonettes	Block of 15 maisonettes cleared end 2009 but no application submitted as yet (registered May 2010)
K050	Chester Road Bowling Club	Scheme for 33 affordable dwellings refused permission February 2010
K054	Georgian carpets	Bellway Homes interested in developing site

Site ref	Location	Position at 01/04/10
K061	Harriers Trading Estate	Permission for 28 dwellings granted April 2009
K062	South of Bernie Crossland Walk	Gardens now classified as Greenfield under Revised PPS3. Not looking to allocated Greenfield sites in urban areas
R066	Butts Lane Depot	Current owners in administration. Site up for auction May 2010 – withdrawn from sale.
K072	North of Bernie Crossland Walk	Gardens now classified as Greenfield under Revised PPS3. Not looking to allocated Greenfield sites in urban areas
K074	Blakebrook School and County Buildings	Outline permission for replacement special school as part of Baxter College redevelopment granted February 2010. Registry Office use expected to remain on site.
S078	Tesco & Bedland Stores, Lombard Street	Former Bedland building now reoccupied by funeral directors. Tesco redevelopment on Carpets of Worth site has outline permission (subject to judicial review)
S081	Buften's Mall, Bridge Street	Upper floors now have permission for conversion to offices (February 2010)
S085	Manor PH	Application for redevelopment for 14 dwellings received March 2010. Pub ceased trading July 2009.
K087	108/109 Bewdley Hill	Outline permission granted September 2009. However, owner now unwilling to sell
S088	Midland Industrial Plastics	Application for 67 bed care home and 102 dwellings withdrawn March 2010
K089	King Charles 1 School	Outline permission granted March 2010 for relocation of school to rear of Comberton Primary
K090	Sutton Arms PH	Site cleared early 2010. Reserved matters application for 12 detached dwellings withdrawn March 2010 – issues with highways and TPO trees.
R095	Blakedown Nurseries	Parish housing needs survey carried out February 2010. Much of site now cleared of glasshouses
R104	Land off Sebright Road, Fairfield	WFDC has agreed to transfer land to Community Housing Group.
S106	Rear of 33 Baldwin Road	Construction started September 2009. Progressing well. 50% sold off plan
R115	Oxbine Callow Hill	Permission granted for redevelopment for 3 dwellings
K128	Ceramaspeed, Zortech Avenue	Permission granted for use of building by TP Toys for manufacture of outdoor play equipment (see S006)
K134	Muskateer PH	Site not currently being taken forward due to lack of funding
K138	Land off Puxton Drive	Revised approval for 69 dwellings. Site now owned by RSL
R143	Garage site, The Green Chaddesley Corbett	Parish Council preferred site for affordable housing scheme
K146	Cheshires, Coventry Street	Building now vacant and up for sale
K147	134 Franche Road	Site completed
K151	Mill Bank Garage, Mill Street	Site completed
K153	Windsor Drive	Site completed
K154	Wolverhampton Road	Site completed
K156	Zanzibars, Castle Road	Building work resumed March 2010

Site ref	Location	Position at 01/04/10
K157	Franchise Street	Revised scheme for 74 units approved; 51 complete; remainder now under construction - most of flats replaced by houses
K158	Longfellow Green	Site completed
S159	Lichfield Basin	60 complete; 67 under construction; 19 fronting Lichfield Street yet to start
S160	The Tontine	Site completed
R161	The Terrace, Clows Top	Officers discussing options for viable development

4 New Sites put Forward by Landowners for Consideration by Panel

4.1 A total of 15 new sites were considered by the assessment panel. Those sites which were submitted by interested parties but were only suitable for 1 or 2 houses were not assessed as part of the SHLAA. The site of Stourport Primary School (S005) was also reassessed for housing as requested by the County Council. A total of 6 sites were considered to be suitable for housing development and the potential capacities have been fed into a revised housing trajectory. Details of the panel's deliberations can be found at Appendix 1. These sites have the potential to provide up to 400 dwellings.

5 Revised Phasing and Housing Trajectory

5.1 The housing trajectory has been updated to take account of any revisions to existing residential permissions as well as new SHLAA sites. A number of permissions have been renewed during 2009/10 as would be expected in a period of economic decline. The revised trajectory can be found below. Together with the 919 dwellings (net) already completed since 1st April 2006, this gives a total dwellings capacity of just over 4,650 whereas the RSS Panel Report was for 4,000 dwellings in Wyre Forest District.

5.2 The housing trajectory demonstrates that the target of 4,000 dwellings could be reached during 2020 if all the sites come forward as predicted. A large number of employment sites which are programmed to come forward for redevelopment later on in the plan period are currently occupied. There are also several school sites, some of which are still in educational use. Their future release for housing is dependant upon funding being available for replacement schools on other sites. Approximately 60% of dwellings will be in Kidderminster, 30% in Stourport-on-Severn and 10% in Bewdley and the rural areas.

Table 5.1 Phasing of Housing Development

Phasing Period	Split Between Settlements	No. Of Dwellings (Net)
2010-11	Kidderminster 75 Stourport-on-Severn 100 Bewdley 25 Rural 25	225
2011-16	Kidderminster 800 Stourport-on-Severn 675 Bewdley 100 Rural 175	1,750
2016-21	Kidderminster 925 Stourport-on-Severn 175 Rural 100	1,200
2021-26	Kidderminster 400 Stourport-on-Severn 175	575

6 Conclusion

6.1 This report provides a snapshot picture of both the committed and potential supply as at 1st April 2010. As circumstances change on sites, details will be updated each year on 1st April. Completion figures and new planning applications for residential development will be fed into the trajectory model each year and phasing of sites will be adjusted if required. As circumstances change it is possible that more sites will come forward for alternative uses including residential.

APPENDIX 1 - SHLAA UPDATE (JULY 2010) SITE ASSESSMENT SHEETS

SITE REF: K202 LAND AT COMBERTON LODGE, KIDDERMINSTER

Copyright 2009. BLOM Wyre Forest District

Settlement: Kidderminster	Site Ref: K202	Grid ref: 384994 275325	Site Area: 0.56Ha
Site Address: Land at Comberton Lodge, Comberton Road, Kidderminster		Within or adjoining settlement: Yes	
Ward: Offmore & Comberton			
Current or previous use: Residential		Greenfield/Brownfield Brownfield	
Site Description: House and grounds adjacent commercial nursery			
Ownership : Private			
Planning History: None of relevance; in Green Belt			
Physical Characteristics	Vehicular access	Good	
	Flood risk	Zone 3 affects rear half of site	
	Contamination	Unlikely	
	Topography	Gently sloping	
Environmental impact	Character/visual impact	Site well-screened from road and surrounding fields	
	Natural heritage	Hoo & Barnett Brook Special Wildlife Site affects rear 0.3 Ha of site	
	Built heritage	N/A	
	Other	Site lies in Green Belt at approach to Kidderminster from Bromsgrove direction	
Infrastructure capacity		unknown	
Access to local facilities		Reasonable - local shop within 15 minutes walk	
Public transport accessibility		Reasonable – bus stop on half-hourly service within 5 minutes walk	
Panel's view on suitability for housing, potential capacity		Not suitable for housing due to impact on SWS and flooding issues	
Potential timescale for housing delivery		N/A	
Constraints to delivery		N/A

LOCATION MAP

APPENDIX 1 - SHLAA UPDATE (JULY 2010) SITE ASSESSMENT SHEETS

SITE REF: K207 LAND WEST OF SOUTHGATE CLOSE, KIDDERMINSTER

Copyright 2009. BLOM Wyre Forest District

Settlement: Kidderminster	Site Ref: K207	Grid ref: 381068 275873	Site Area: 3.6 Ha
Site Address: Land west of Southgate Close, Kidderminster Road		Within or adjoining settlement: Yes	
Ward: Sutton Park			
Current or previous use: farmland		Greenfield/Brownfield Greenfield	
Site Description: pastureland adjacent housing on edge of town; enclosed by mature hedgerows			
Ownership : private			
Planning History: none of relevance – in Green Belt			
Physical Characteristics	Vehicular access	Reasonable – off Northgate Close	
	Flood risk	No	
	Contamination	Unlikely	
	Topography	Sloping	
Environmental impact	Character/visual impact	Impact on open aspect and important undeveloped Green Belt wedge between Kidderminster and Bewdley	
	Natural heritage	Local geological site adjacent – sandstone cutting	
	Built heritage	N/A	
	Other		
Infrastructure capacity		Unknown	
Access to local facilities		Local shop within 10 minutes walk	
Public transport accessibility		Bus stop within 5 minutes walk with half hourly service	
Panel's view on suitability for housing, potential capacity		Not considered suitable for housing; no requirement for urban extension	
Potential timescale for housing delivery		N/A	
Constraints to delivery		N/A

SITE REF: K207 LAND WEST OF SOUTHGATE CLOSE, KIDDERMINSTER

LOCATION MAP

APPENDIX 1 - SHLAA UPDATE (JULY 2010) SITE ASSESSMENT SHEETS

SITE REF: K209 FORMER SION HILL MIDDLE SCHOOL, KIDDERMINSTER

Copyright 2009. BLOM Wyre Forest District

Settlement: Kidderminster	Site Ref: K209	Grid ref: 383962 278500	Site Area: 1.65 Ha
Site Address: Former Sion Hill Middle School, Sion Hill, Kidderminster Ward: Wolverley			Within or adjoining settlement: Yes
Current or previous use: Former school – closed July 2007; part of building used as Pupil Referral Unit until 2009			Greenfield/Brownfield Brownfield
Site Description: 2-storey school building with extensive playing fields to rear. NB Site only includes current building footprint and playground to rear			
Ownership : Worcestershire County Council			
Planning History: planning permission granted to convert to training / conference centre – no longer being implemented; site in Green Belt			
Physical Characteristics	Vehicular access	Good	
	Flood risk	No	
	Contamination	Unlikely	
	Topography	Flat	
Environmental impact	Character/visual impact	Would expect to see frontage trees retained	
	Natural heritage	Important that development is only kept to existing footprint	
	Built heritage	N/A	
	Other	N/A	
Infrastructure capacity		Services available	
Access to local facilities		Local shop within 5 minutes walk	
Public transport accessibility		Bus stop within 5 minutes walk with hourly service	
Panel's view on suitability for housing, potential capacity		Suitable for housing; look for low density scheme to reflect large neighbouring plots – perhaps only 8 dwellings	
Potential timescale for housing delivery		2011-16	
Constraints to delivery		N/A

APPENDIX 1 - SHLAA UPDATE (JULY 2010) SITE ASSESSMENT SHEETS

SITE REF: K210 FORMER BRITISH SUGAR SITE, STOURPORT ROAD, KIDDERMINSTER

Copyright 2009. BLOM Wvre Forest District

Settlement: Kidderminster	Site Ref: K210	Grid ref: 382508 274703	Site Area: 23.73 Ha
Site Address: Former British Sugar Site, Stourport Road, Kidderminster		Within or adjoining settlement: Yes	
Ward: Oldington & Foley Park			
Current or previous use: Former sugar processing plant – closed early 2002		Greenfield/Brownfield Brownfield	
Site Description: largely cleared industrial site adjacent Severn Valley Railway and River Stour / Staffordshire & Worcestershire Canal			
Ownership : Private			
Planning History: none of relevance – zoned for employment uses in Local Plan			
Physical Characteristics	Vehicular access	Reasonable – very congested route	
	Flood risk	No	
	Contamination	Yes	
	Topography	Multiple levels – geological features within site	
Environmental impact	Character/visual impact	Remaining silos are local landmark	
	Natural heritage	Stour Valley SSSI and Canal SWS adjacent site	
	Built heritage	N/A	
	Other	Blanket TPO covers site; adverse impact on already congested route	
Infrastructure capacity		Unknown	
Access to local facilities		Good – local shops within 10 minutes walk	
Public transport accessibility		Bus stop adjacent on high frequency route	
Panel's view on suitability for housing, potential capacity		Key employment site but may be suitable for mix of uses including housing subject to integration with neighbouring industry; potential capacity of up to 300 dwellings	
Potential timescale for housing delivery		2016-21	
Constraints to delivery		Decontamination; infrastructure; funding of link road

LOCATION PLAN

APPENDIX 1 - SHLAA UPDATE (JULY 2010) SITE ASSESSMENT SHEETS

SITE REF: K211 FORMER SLADEN SCHOOL SITE, HURCOTT ROAD, KIDDERMINSTER

Copyright 2009. BLOM Wyre Forest District

Settlement: Kidderminster	Site Ref: K211	Grid ref: 383625 277393	Site Area: 0.77 Ha (area of former school buildings only)
Site Address: Former Sladen School site, Hurcott Road, Kidderminster		Within or adjoining settlement: Yes	
Ward: Broadwaters		Greenfield/Brownfield Brownfield	
Current or previous use: Site of former middle school – only hardstanding to be assessed at this stage			
Site Description: cleared site with large playing fields to rear surrounded by residential uses			
Ownership : Worcestershire County Council			
Planning History: None of relevance; zoned for educational uses in Adopted Local Plan			
Physical Characteristics	Vehicular access	Good from Hurcott Road	
	Flood risk	N/A	
	Contamination	Unlikely	
	Topography	Flat	
Environmental impact	Character/visual impact	N/A – site already cleared	
	Natural heritage	8 individual TPO trees along Hurcott Road frontage. Those on playing fields also affected	
	Built heritage	N/A	
	Other	N/A – potential for future development on playing fields	
Infrastructure capacity		Unknown	
Access to local facilities		Local shops within 5 minutes walk; town centre within easy walking distance	
Public transport accessibility		Bus stop within 5 minutes walk on half hourly service	
Panel's view on suitability for housing, potential capacity		Suitable for housing – potential for about 25 units. Extra capacity subject to compensatory open space provision	
Potential timescale for housing delivery		2011-16	
Constraints to delivery		Funding

Copyright 2009. BLOM Wyre Forest District

Settlement: Kidderminster	Site Ref: K214	Grid ref: 383124 276511	Site Area: 0.25Ha
Site Address: Brintons Offices, Exchange Street, Kidderminster Ward: Greenhill		Within or adjoining settlement: Yes	
Current or previous use: offices – mostly now surplus to requirements		Greenfield/Brownfield Brownfield	
Site Description: prominent land mark building in town centre adjacent River Stour, library and Town Hall			
Ownership : Brintons			
Planning History: Permission for conversion (plus some new build) to extra care facility with 30 x 1-bed and 30 x 2-bed flats plus some retail approved subject to S.106 agreement			
Physical Characteristics	Vehicular access	Good	
	Flood risk	Yes – Zone 3 affects site – culvert runs across site	
	Contamination	Likely	
	Topography	Flat	
Environmental impact	Character/visual impact	Prominent building in Vicar Street Conservation Area	
	Natural heritage	Adjacent River Stour Special Wildlife Site – culvert used by otters	
	Built heritage	Listed Building	
	Other		
Infrastructure capacity		N/A	
Access to local facilities		In heart of town centre and adjacent main bus station	
Public transport accessibility		Bus station adjacent site	
Panel's view on suitability for housing, potential capacity		Suitable for housing – up to 60 units	
Potential timescale for housing delivery		2011-16	
Constraints to delivery		Funding – to be managed by RSL

Site Description: area of woodland / scrub adjacent Staffs. & Worcs. Canal with residential development proposed / under construction adjacent			
Ownership : British Waterways			
Planning History: None of relevance; zoned as urban open space in Adopted Local Plan			
Physical Characteristics	Vehicular access	Poor – would need to access via adjacent development – is no road frontage	
	Flood risk	No	
	Contamination	Unlikely	
	Topography	Flat	
Environmental impact	Character/visual impact	Open views from canal conservation area	
	Natural heritage	Adjacent Special Wildlife Site (canal)	
	Built heritage	No adverse impact	
	Other	N/A	
Infrastructure capacity		Unknown	
Access to local facilities		Stourport-on-Severn town centre within easy walking distance	
Public transport accessibility		Bus stop on high frequency route within 10 minutes walk	
Panel's view on suitability for housing, potential capacity		Not considered suitable for housing due to access issues, loss of urban open space and impact on adjacent conservation area / special wildlife site	
Potential timescale for housing delivery		N/A	
Constraints to delivery		N/A
