Our Local Plan 2016-2036

Pre-submission consultation

We are planning for this generation and the next with our Local Plan 2016-2036

We need to make sure that we have enough homes in the district to meet our current housing need as well as for our children and grandchildren. We want the local economy to grow and offer employment opportunities for them too. To achieve this we need to make land available across the district – for homes and businesses. The Local Plan identifies the sites where the developments will go.

Your views are important

From **Thursday 1 November** to **Monday 17 December** we are consulting on the pre-submission publication version of the Wyre Forest District Local Plan. This is your last chance to have your say before it is submitted to the Government's Planning Inspectorate to be examined.
