

We live at 20 Cheviot Close, Areley Kings, DY13 0NX. These are just some of the photos we have from the flooding.

All of our downstairs rooms have been affected and although we're dry-ish now all the floors will have to be replaced. We're waiting on the builders to tell us just how bad it is under our sitting room floor to see how long it'll take to repair and if we'll have to move out again. We flooded pretty much to the same extent in 2012 and had to move out for 6 months.
